**The TORQUE MASTER Grinding System** is a combination of computer designed and balanced components working in unison to provide superior torque grind speed and long system life.

**BIO SHIELD**  
(Antimicrobial)  
for **ODOR PROTECTION!**  
Disposers are treated with an antimicrobial agent molded inside providing protection against odor causing bacteria growth.

**Silver Guard**  
The magnetic Silver Guard captures most metal objects before they enter into the disposer chamber. This protective feature helps prevent damage to valuable cutlery. It also helps prevent damage to the disposer as well as expensive repairs caused by metal objects falling into the disposer.
